JOHN LEWIS GADDIS On Grand Strategy

Gaddis, who has taught on the topic at Yale University for almost two decades, assesses grand strategic theory and practice from the ancient world through World War II. Gaddis assesses grand strategic theory and practice in Herodotus, Thucydides, Sun Tzu, Octavian/Augustus, St. Augustine, Machiavelli, Elizabeth I, Philip II, the American Founding Fathers, Clausewitz, Tolstoy, Lincoln, Wilson, Franklin D. Roosevelt, and more

"[T]he best education in grand strategy available in a single volume...a long walk with a single, delightful mind.... *On Grand Strategy* is a book that should be read by every American leader or would-be leader." — John Nagl, *The Wall Street Journal*

"An extraordinary treatise on the need to teach the principles of sound strategy to today's leaders...The book...is a rich one. It makes sense of our world, but is also capable of beautifully crafted pithy historical judgments...It is a book that cares about liberty, choice and a moral compass, that warns against the hubris of an angry Bonaparte on the turn in a Russian winter, against leaders who do not listen or learn. A training manual for our troubled times."

ADAM TOOZE

Crashed

**How a Decade of Financial Crises
Changed the World**

From a prizewinning economic historian, an eye-opening reinterpretation of the 2008 economic crisis (and its ten-year aftermath) as a global event that directly led to the shockwaves being felt around the world today.

"[A] monumental narrative history of 10 years that have reshaped our world...*Crashed* gives readers a detailed and superbly researched account of the origins and consequences of the wave of financial crises that emanated from the core of the global financial system from 2007. The prose is clear. The scholarship remarkable. Even people who have followed this story closely will learn a great deal." —Martin Wolf, *The Financial Times*

"An important and insightful work...combines an economic history with geopolitical analysis of the 2008 financial crisis and the subsequent decade."

JAMES R. CLAPPER
WITH TREY BROWN
Facts and Fears

Hard Truths from a Life in Intelligence

The former Director of National Intelligence's candid and compelling account of the intelligence community's successes—and failures—in facing some of the greatest threats to America. Clapper considers such controversial questions as, Is intelligence ethical? Is it moral to intercept communications or to photograph closed societies from orbit? What are the limits of what we should be allowed to do? What protections should we give to the private citizens of the world, not to mention our fellow Americans? Are there times when intelligence officers can lose credibility as unbiased reporters of hard truths by inserting themselves into policy decisions? *Facts and Fears* offers a privileged look inside the U.S. intelligence community and, with the frankness and professionalism for which James Clapper is known, addresses some of the most difficult challenges in our nation's history.

MICHAEL V. HAYDEN

The Assault on Intelligence
American National Security in an Age of Lies

A blistering critique of the forces threatening the American intelligence community, beginning with the President himself, in a time when that community's work has never been harder or more important. Many of the premises on which we have based our understanding of governance are now challenged, eroded, or simply gone and the American intelligence community is more at risk than is commonly understood, for every good reason.

"The more important, absorbing and disturbing aspect of Hayden's book is the analysis from his professional perspective of what Trump and Trumpism mean for the intelligence community. It is sober, nuanced and, quite frankly, scary as hell."—Mark Galeotti, *Washington Post*

"Hayden is a breezy and direct writer. He reduces complex issues of cyber and information warfare to essentials, and his polemic is leavened with humor and sympathy."—*The New York Times*

IAN BREMMER

Us vs. Them

The Failure of Globalism

"Required reading to help repair a world in pieces and build a world at peace."
—António Guterres, United Nations Secretary-General

"A cogent analysis of the concurrent Trump/Brexit phenomena and a dire warning about what lies ahead...a lucid, provocative book."—*Kirkus Reviews*

"Few can beat Ian Bremmer in taking the pulse on the health of nations and the world. Here he dives into the divisions and disputes of the wave of protests and populism that gave the US Donald Trump and Europe Brexit."—Carl Bildt, co-chair of European Council on Foreign Relations

RICHARD HAASS

A World in Disarray

American Foreign Policy and the Crisis of the Old Order

In this examination of a world increasingly defined by disorder, Haass, the president of the Council on Foreign Relations, calls for an updated global operating system that reflects the reality that power is widely distributed. He argues that the world cannot have stability or prosperity without the United States, but that the United States cannot be a force for global stability and prosperity without its politicians and citizens reaching a new understanding.

"A valuable primer on foreign policy: a primer that concerned citizens of all political persuasions...could benefit from reading."—Michiko Kakutani, *The New York Times*

ALEXANDER KLIMBURG

The Darkening Web

The War for Cyberspace

Blending anecdote with argument, Klimburg brings us face-to-face with the range of threats the struggle for cyberspace presents, from an apocalyptic scenario of debilitated civilian infrastructure to a 1984-like erosion of privacy and freedom of expression. *The Darkening Web* makes clear that the debate about the different aspirations for cyberspace is nothing short of a war over our global values.

"A prescient and important book....Fascinating."—*The New York Review of Books*

"This book is indispensable—not only for national security officials...but for any reader seeking a strong grounding in this critically important material and what it means for our global future."—Michael Chertoff, former U.S. Secretary of Homeland Security

ADMIRAL JAMES STAVRIDIS, USN (RET.)

Sea Power

The History and Geopolitics of the World's Oceans

From one of the most admired admirals of his generation—and the only admiral to serve as Supreme Allied Commander at NATO—comes a remarkable voyage through all of the world's most important bodies of water, providing the story of naval power as a driver of human history and a crucial element in our current geopolitical path.

"Stavridis spent nearly four decades as a US Navy Sailor, and is well known as an important geopolitical thinker. In *Sea Power* both of those attributes come together in creating a must read for anyone seriously thinking about the world's challenges in the 21st century."—Admiral Bill McRaven, USN (Ret.), Chancellor, The University of Texas System, former Commander, U.S. Special Operations Command

TA-NEHISI COATES

We Were Eight Years in Power**An American Tragedy**

In this collection of essays, the National Book Award-winning author of *Between the World and Me* reflects on Barack Obama's presidency, Donald Trump's election, and the role that race played in both.

"Coates's always sharp commentary is particularly insightful as each day brings a new upset to the cultural and political landscape laid during the term of the nation's first black president....Coates is a crucial voice in the public discussion of race and equality, and readers will be eager for his take on where we stand now and why."—*Booklist* (starred review)

CRAIG UNGER

House of Trump, House of Putin**The Untold Story of Donald Trump and the Russian Mafia**

This essential book is crucial to understanding the real powers at play in the shadows of today's world. A chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump's inauguration as president of the United States, *House of Trump, House of Putin* offers the first comprehensive investigation into the decades-long relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House.

JOSHUA GREEN

Devil's Bargain**Steve Bannon, Donald Trump, and the Nationalist Uprising**

From the reporter who was there at the very beginning comes the inside story of the partnership between Steve Bannon and Donald Trump—the key to understanding the hidden forces that drove the greatest upset in American political history. Based on dozens of interviews conducted over six years, Green spins the master narrative of the 2016 campaign from its origins in the far fringes of right-wing politics and reality television to its culmination inside Trump's penthouse on election night. "The first deeply insightful political narrative of the Trump era."—David Leonhardt, *The New York Times*

DAVID A. KAPLAN

The Most Dangerous Branch**Inside the Supreme Court's Assault on the Constitution**

In a richly reported, behind-the-scenes portrait of the Supreme Court and its nine justices, veteran national journalist David A. Kaplan shows how the court, far from being the "least dangerous branch" of government, in the words of Alexander Hamilton, has become in many respects the most dangerous branch, subverting democracy and betraying the Constitution.

**RICHARD D. HEFFNER
AND ALEXANDER B. HEFFNER**
A Documentary History of the United States (Revised and Updated)

The documents, speeches, and letters that have forged American history, including the complete text of the Declaration of Independence, The Monroe Doctrine, and more. Now updated with new content such as Trump's inaugural address.

"Richard Heffner has assembled a portable canon of American documents that take us across the depth and breadth of our national experience. Here is fertile soil for exploring our past and imagining our future. Present crises notwithstanding, you cannot spend time within these pages and be skeptical of our capacity to overcome, survive, and thrive in the endless, vexing, and robust pursuit of a more perfect union."—Bill Moyers

NANCY MACLEAN
Democracy in Chains

The Deep History of the Radical Right's Stealth Plan for America

In this explosive exposé of the right's campaign to eliminate unions, suppress voting, privatize public education, stop action on climate change, and alter the Constitution, Duke University history professor MacLean shows how Nobel Prize-winning political economist James McGill Buchanan developed the intellectual underpinning for the libertarian right and how his work has shaped six decades of political strategy.

"[A] vibrant intellectual history of the radical right. . . . [MacLean] has dug deep into her material—not just Buchanan's voluminous, unsorted papers, but other archives, too—and she has made powerful and disturbing use of it all."—*The Atlantic*

THOMAS E. RICKS
Churchill and Orwell
The Fight for Freedom

A dual biography of Winston Churchill and George Orwell, whose farsighted vision and inspired action preserved democracy from the threats of authoritarianism, from the left and right alike.

"What comes across strongly in this highly enjoyable book is the fierce commitment of both Orwell and Churchill to critical thought."—*The New York Times Book Review*

"An elegantly written celebration of two men who faced an existential crisis to their way of life with moral courage—and demonstrated that an individual can make a difference."—*San Francisco Chronicle*

NIALL FERGUSON
The Square and the Tower
Networks and Power, from the Freemasons to Facebook

From the cults of ancient Rome to the dynasties of the Renaissance, from the founding fathers to Facebook, *The Square and the Tower* tells the story of the rise, fall and rise of networks, and shows how network theory can transform our understanding of both the past and the present.

"As a software engineer steeped in the theory and practice of networks, I was deeply impressed by this book's insights. Silicon Valley needed a history lesson and Ferguson has provided it."—Eric Schmidt, Executive Chairman of Alphabet, the parent company of Google

DAVID D. KIRKPATRICK

Into the Hands of the Soldiers

Freedom and Chaos in Egypt and the Middle East

A heartbreaking story with a simple message: the failings of decades of autocracy are the reason for the chaos we see today across the Arab world.

"It is rare to come across a book on Egypt that is steeped in so much knowledge, experience, and true understanding of the complex forces that led to the so-called Arab Spring, and resulted in its slow demise. David Kirkpatrick has written an extraordinary book—one that sheds much-needed light on the religious, political, and economic conflicts roiling one of the most important countries in the Middle East."—Reza Aslan, author of *God: A Human Story*

STEVE COLL

Directorate S

The C.I.A. and America's Secret Wars in Afghanistan and Pakistan

Resuming the narrative of his Pulitzer Prize-winning *Ghost Wars*, Steve Coll tells for the first time the epic story of America's intelligence, military, and diplomatic efforts to defeat Al Qaeda and the Taliban in Afghanistan and Pakistan since 9/11.

"Might well become the definitive account of the CIA and America's secret wars in Afghanistan and Pakistan....The story is delivered with a literary prowess that has been absent in previous western accounts of America's longest running war.... Masterful"—*The Guardian*

NICK MCDONELL

The Bodies in Person

An Account of Civilian Casualties in American Wars

Nick McDonell introduces us to some of the civilians who died in the wars in Iraq and Afghanistan, along with the rescue workers who tried to save them, U.S. soldiers grappling with their deaths, and everyone in between. He shows us how decent Americans, inside and outside the government and military, looked away from the mounting death toll, even as they claimed to do everything in their power to prevent civilian casualties.

"This first-hand contemplation of death in war is a gift to future historians and a gesture to moral philosophers. It helps us to see the world as it is while gently encouraging us to ask how it might be better."—Timothy Snyder, author of *On Tyranny*

RICHARD MCGREGOR

Asia's Reckoning

China, Japan, and the Fate of U.S. Power in the Pacific Century

A history of the combative military, diplomatic, and economic relations among China, Japan, and the United States since the 1970s—and a look at the potential crisis that awaits them.

"McGregor has written a shrewd and knowing book about the relationship between China, Japan and America over the past half-century....Though Mr. McGregor has pored over archives to put together a hard-to-surpass narrative history of high diplomacy in Asia, the strength of his book is its old-fashioned journalism, in which empathy and explanation outweigh mere exposé."—Robert D. FRANCISCO CANTÚ

The Line Becomes a River

Dispatches from the Border

The memoir of a former Border Patrol agent, *The Line Becomes a River* goes behind the headlines, making urgent and personal the violence our border wreaks on both sides of the line.

"A beautiful, fiercely honest, and nevertheless deeply empathetic look at those who police the border and the migrants who risk—and lose—their lives crossing it.... This book is an invaluable corrective." —Phil Klay, author of *Redeployment*

"His words are emotionally true and his literary sensibility uplifting. The bilingual Mr. Cantú advocates here for clarity and compassion in place of xenophobia and uninformed rhetoric." —Barry Lopez

Tales of Two Americas

Stories of Inequality in a Divided Nation

Thirty-six major contemporary writers—including Anthony Doerr, Ann Patchett, Roxane Gay, Joyce Carol Oates, Edwidge Danticat, and many more—examine life in a deeply divided America. Whether the cause of this inequality is systemic injustice, the long war on drugs, or immigration policies, it endangers not only the American Dream but also our very lives. These extraordinarily powerful stories, essays, and poems demonstrate how boundaries break down when we share our experiences, alleviating a suffering that touches so many people.

"Poignant and profound, *Tales of Two Americas*...unites a multiplicity of voices into a powerful rallying cry." —NPR.org

SHANE BAUER

American Prison

A Reporter's Undercover Journey into the Business of Punishment

An inside reckoning with the nexus of prison and profit in America: in one Louisiana prison and over the course of our country's history.

"Deprivation, abuse, and fear oppress inmates and guards alike in this hard-hitting exposé of the for-profit prison industry...A gripping indictment of a bad business." —*Publishers Weekly* (starred review)

"Shane Bauer reports in the best way a journalist can: by going into a prison himself....With this braid of history and reportage Bauer reveals the criminal nature of private prisons, a world of pain that is also a business. His is a beautiful rage." —Ted Conover, New York University

MITCH LANDRIEU

In the Shadow of Statues

A White Southerner Confronts History

The New Orleans mayor who removed the Confederate statues in his city confronts the racism that shapes us and argues for white America to reckon with its past. A passionate, personal, urgent book from the man who sparked a national debate.

"With a balance of humility and conviction, [Mayor Landrieu] recounts his path to a more profound understanding of racial justice and explains how this journey led him to remove the Confederate monuments in New Orleans. It's an important book for everyone in America to read." —Walter Isaacson, author of *Leonardo Da Vinci* and *Steve Jobs*

KEITH PAYNE

The Broken Ladder

How Inequality Affects the Way We Think, Live, and Die

Keith Payne, an international leader in the psychology of inequality and discrimination, examines how inequality divides us not just economically, but also has profound consequences for how we think, how our cardiovascular systems respond to stress, how our immune systems function, and how we view moral ideas such as justice and fairness.

"*The Broken Ladder's* examination of the consequences of inequality—of what it is like to be poor and to feel poor—is as profound as it is revelatory....Replete with gems of research studies, insights, and illuminating examples and implications, this book will change the way you think about your world."—Sonja Lyubomirsky, University of California, Riverside

MICHIKO KAKUTANI

The Death of Truth

Notes on Falsehood in the Age of Trump

Over the last three decades, Michiko Kakutani has been writing about the demise of objective truth in popular culture, academia, and contemporary politics. In *The Death of Truth*, she connects the dots to reveal the slow march of untruth up to our present moment, when Red State and Blue State America have little common ground, proven science is up for debate, and all opinions are held to be equally valid. The wisdom of the crowd has diminished the power of research and expertise, and we are each left clinging to the "facts" that best confirm our biases.

With wit, erudition, and remarkable insight, Kakutani offers a provocative diagnosis of our current condition and presents a path forward for our truth-challenged times.

STEVEN PINKER

Enlightenment Now

The Case for Reason, Science, Humanism, and Progress

In this elegant assessment of the human condition, Pinker urges us to step back from gory headlines and prophecies of doom, which play to our psychological biases. Instead, Pinker shows with data that prosperity is on the rise worldwide, a direct result of the Enlightenment: the conviction that reason and science can enhance human flourishing.

"A terrific book....[Pinker] recounts the progress across a broad array of metrics, from health to wars, the environment to happiness, equal rights to quality of life." —Nicholas Kristof, *The New York Times*

AMY CHUA

Political Tribes

Group Instinct and the Fate of Nations

Yale Law School professor Amy Chua examines the role of group identities—ethnic, religious, sectarian, and clan-based—in political violence and conflict around the globe and at home, arguing that a misunderstanding of political tribalism lies at the heart of many of our foreign policy failures as well as domestic partisan strife.

"Brilliant, timeless and timely. *Political Tribes* concisely explains the forces that made our experiences in Vietnam, Afghanistan, and Iraq so maddeningly difficult to comprehend, and brings that same thoughtful analysis to America today. Amy Chua provokes thought—and we need that."—General Stanley McChrystal, U.S. Army (Ret.)

MONA HANNA-ATTISHA

What the Eyes Don't See**A Story of Crisis, Resistance, and Hope in an American City**

What the Eyes Don't See is the story of how Dr. Mona Hanna-Attisha proved that the children of Flint, Michigan, were exposed to lead and then fought her own government and a brutal backlash to expose that truth to the world, demonstrating how misguided austerity policies, the withdrawal of democratic government, and callous bureaucratic indifference placed an entire city at risk.

"Told with passion and intelligence, *What the Eyes Don't See* is an essential text for understanding the full scope of injustice in Flint and the importance of fighting for what's right."—*Booklist* (starred review)

THOMAS HOBBES

Leviathan

Introduction and Notes by Christopher Brooke

Written during the English Civil War, *Leviathan* is an ambitious and highly original work of political philosophy. Claiming that man's essential nature is competitive and selfish, Hobbes formulates the case for a powerful sovereign—or “Leviathan”—to enforce peace and the law, substituting security for the anarchic freedom he believed human beings would otherwise experience.

Based on the original 1651 text, this edition incorporates Hobbes's own corrections, while also retaining the original spelling and punctuation, to read with vividness and clarity.
