## Seek and Hide

The Tangled History of the Right to Privacy

Amy Gajda

*Seek and Hide* is the surprising story of the development of the right to privacy throughout American history.

"This brilliant and thought-provoking book shows how America's well-known emphasis on freedom of the press has long been balanced by a deep legal tradition that protects an individual's right to privacy. Amy Gajda shows how battles over the right to privacy are nothing new, but they are particularly relevant in this era of digital media and social networks."—Walter Isaacson, author of *Steve Jobs*

Viking | Hardcover | 400 pages | 978-1-9848-8074-1 | \$30.00

## How Free Speech Saved Democracy

The Untold History of How the First Amendment Became an Essential Tool for Securing Liberty and Social Justice

Christopher M. Finan; Foreword by Randall Kennedy

*How Free Speech Saved Democracy* is a revealing reminder that First Amendment rights have often been curtailed in efforts to block progress, and that current measures to reduce hurtful language and to end hate speech could backfire on those who promote them. Written by historian Christopher Finan, this book grew out of his desire to address the declining support for free speech that is occurring as our country becomes increasingly polarized.

Truth to Power | Paperback | 192 pages | 978-1-58642-298-1 | \$16.95

## You Are Not American

Citizenship Stripping from Dred Scott to the Dreamers

Amanda Frost

The Supreme Court's rejection of Black citizenship in *Dred Scott* was among the first examples of citizenship stripping, but the phenomenon did not end there. Over the last two centuries, the US government has revoked citizenship to cast out its unwanted, suppress dissent, and deny civil rights to all considered "un-American"—whether due to race, ethnicity, marriage partner, or beliefs. Drawing on the narratives of these individuals, law professor Amanda Frost exposes a history of discrimination and xenophobia that continues to this day.

Beacon Press | Paperback | 248 pages | 978-0-8070-5545-8 | \$16.95

## Caste

The Origins of Our Discontents

Isabel Wilkerson

Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people, she shows the ways that the insidious undertow of caste is experienced every day.

## The Founders' Fortunes

How Money Shaped the Birth of America

Willard Sterne Randall

In 1776, upon the signing of the Declaration of Independence, the Founding Fathers concluded America's most consequential document with a curious note, pledging "our lives, our fortunes and our sacred honor." In this landmark account, historian Willard Sterne Randall investigates the private financial affairs of the Founders, illuminating like never before how and why the Revolution came about. *The Founders' Fortunes* uncovers how these leaders waged war, crafted a constitution, and forged a new nation influenced in part by their own financial interests.

Dutton | Hardcover | 336 pages | 978-1-5247-4592-9 | \$29.00

## Poor Richard's Women

Deborah Read Franklin and the Other Women Behind the Founding Father

Nancy Rubin Stuart

Weaving detailed historical research with emotional intensity and personal testimony, Nancy Rubin Stuart traces Deborah Franklin's life and those of Ben's other romantic attachments through their personal correspondence. What emerges from Stuart's pen is a colorful and poignant portrait of women in the age of revolution. Set two centuries before the rise of feminism, *Poor Richard's Women* depicts the feisty, often-forgotten women dear to Ben's heart who, despite obstacles, achieved an independence rarely enjoyed by their peers in that era.

## Travels with George

In Search of Washington and His Legacy

Nathaniel Philbrick

**NOW IN PAPERBACK**

Bestselling author Nathaniel Philbrick argues for Washington's unique contribution to the forging of America by retracing his journey as a new president through all thirteen former colonies, which were now an unsure nation.

"*Travels with George* is all the more crucial in this time of national division when a look back to a unifying figure like our first President matters all the more."—Admiral James Stavridis, USN, 16th Supreme Allied Commander at NATO

Penguin | Paperback | 400 pages | 978-0-525-56219-1 | \$18.00

## George Washington

The Political Rise of America's Founding Father

David O. Stewart

**NOW IN PAPERBACK**

A fascinating and illuminating account of how George Washington became the single most dominant force in the creation of the United States of America, from award-winning author David O. Stewart.

"David O. Stewart brings his characteristic grace and skill to this portrait of the political George Washington, liberating the most elusive of our Founders from the mists of myth to discover a shrewd and approachable human being."—Jon Meacham, author of *The Soul of America*

Dutton | Paperback | 576 pages | 978-0-451-48900-5 | \$20.00

## Ways and Means

Lincoln and His Cabinet and the Financing of the Civil War

Roger Lowenstein

Upon his election to the presidency, Abraham Lincoln inherited a country in crisis. But amid unprecedented troubles Lincoln saw opportunity—the chance to legislate in the centralizing spirit of the “more perfect union” that had first drawn him to politics. Roger Lowenstein reveals the untold story of how Lincoln used the urgency of the Civil War to transform a union of states into a nation. Through a financial lens, he explores how this second American revolution established a government of the people, by the people, and for the people.

Penguin Press | Hardcover | 448 pages | 978-0-7352-2355-4 | \$30.00

## Lincoln's Lie

A True Civil War Caper Through Fake News, Wall Street, and the White House

Elizabeth Mitchell

A thrilling dive into the little-known, darker side of a revered president's history, *Lincoln's Lie* untangles the threads behind a mysterious 1864 newspaper article to reveal how Lincoln manipulated the media during the Civil War, shining new light onto today's issues of fake news and presidential conflict with the press.

“I knew nothing of the historical episode at the center of *Lincoln's Lie*, and its contemporary resonances are remarkable.”—Kurt Andersen, author of *Fantasyland*

Counterpoint | Paperback | 304 pages | 978-1-64009-536-6 | \$17.95

## Hell's Half-Acre

The Untold Story of the Benders, a Serial Killer Family on the American Frontier

Susan Jonas

A suspense filled tale of murder on the American frontier—shedding new light on a family of serial killers in Kansas, whose horrifying crimes gripped the attention of a nation still reeling from war.

“A mesmerizing combination of gory mass murder and frantic pursuit of diabolical perpetrators, presented in some of the best, most atmospheric context I have ever read in any narrative nonfiction about the American frontier.”—Jeff Guinn, author of *The Last Gunfight*

Viking | Hardcover | 368 pages | 978-1-9848-7983-7 | \$28.00

## Murder at the Mission

A Frontier Killing, Its Legacy of Lies, and the Taking of the American West

Blaine Harden

NOW IN PAPERBACK

From the New York Times bestselling author of *Escape From Camp 14*, a “terrifically readable” (*Los Angeles Times*) account of one of the most persistent “alternative facts” in American history: the story of a missionary, a tribe, a massacre, and a myth that shaped the American West.

“A riveting investigation of both American myth-making and the real history that lies beneath.”—Claudio Saunt, author of *Unworthy Republic*

Penguin | Paperback | 480 pages | 978-0-525-56168-2 | \$18.00

### Last Call at the Hotel Imperial

The Reporters Who Took On a World at War

Deborah Cohen

*Last Call at the Hotel Imperial* is a revelatory account of a close-knit band of wildly famous American reporters who, in the run-up to World War II, took on dictators and rewrote the rules of modern journalism. In those tumultuous years, they landed exclusive interviews with Hitler and Mussolini, Nehru and Gandhi, and helped shape what Americans knew about the world. Told with the immediacy of a conversation overheard, this revelatory book captures how the global upheavals of the 20th century felt up close.

Random House | Hardcover | 592 pages | 978-0-525-51119-9 | \$30.00

### Master of the Game

Henry Kissinger and the Art of Middle East Diplomacy

Martin Indyk

Here is a history of Henry Kissinger's diplomatic negotiations in the Middle East that illuminates the unique challenges Kissinger and his successors have faced in their attempts to broker peace between Israel and its Arab neighbors.

"Revelatory. . . [A] magisterial account of one of the most gripping diplomatic annals in modern history."—Edward Luce, *Financial Times*

"This definitive history of Henry Kissinger's Middle East peace process offers a wealth of lessons for today."—Walter Isaacson

### America and Iran

A History, 1720 to the Present

John Ghazvinian

**NOW IN PAPERBACK**

John Ghazvinian traces the story of the relations between Iran and America back to the eighteenth-century Persian Empire to portray powers who were once allies and are now adversaries.

"History in the hands of a master. Ghazvinian leads us far beyond the mindless shouting of recent decades to tell a story of friendship, sacrifice, and discovery. Should be required reading in both Tehran and Washington."—Ambassador John Limbert, US Deputy Secretary of State for Iran (2009–10)

## CHUCK KLOSTERMAN

### THE NINETIES A BOOK

## The Nineties

A Book

Chuck Klosterman

In *The Nineties*, Chuck Klosterman explores every aspect of the cultural landscape: the film, the music, the sports, the TV, the politics, the changes regarding race and class and sexuality, the yin/yang of Oprah and Alan Greenspan. What results is a wise and funny reckoning with the decade that gave us slacker/grunge irony about the sin of trying too hard, during the greatest shift in human consciousness of any decade in American history.

Penguin Press | Hardcover | 384 pages | 978-0-7352-1795-9 | \$28.00

## Whole Earth

The Many Lives of Stewart Brand

John Markoff

Told by one of our greatest chroniclers of technology and society, *Whole Earth* is the definitive biography of iconic serial visionary Stewart Brand, from the Merry Pranksters and the generation-defining *Whole Earth Catalog* to the marriage of environmental consciousness and hacker capitalism and the rise of a new planetary culture—the story behind so many other stories.

“In this deeply reported and exciting book, the great tech chronicler John Markoff captures Brand’s brilliance as a serial visionary.”—Walter Isaacson, author of *Steve Jobs*

Penguin Press | Hardcover | 416 pages | 978-0-7352-2394-3 | \$32.00

## Paradise Falls

The True Story of an Environmental Catastrophe

Keith O'Brien

*Paradise Falls* tells the hidden story of an unlikely band of mothers who exposed Love Canal, one of America’s most devastating environmental disasters.

“At once heart-wrenching and uplifting, infuriating and inspiring, *Paradise Falls* is an exhaustively researched and compelling excavation of the past that remains eerily relevant in this moment. O'Brien deftly knits together a tightly-paced, relatable, and definitive narrative of a watershed moment in the annals of environmental justice . . . and its profoundly felt absence.”—Denise Kiernan, author of *We Gather Together*

Pantheon | Hardcover | 480 pages | 978-0-593-31843-0 | \$30.00

## Captives

How Rikers Island Took New York City Hostage

Jarrod Shanahan

*Captives* combines a thrilling account of Rikers Island’s descent into infamy with a dramatic retelling of the last seventy years of New York politics from the vantage point of the city’s jails. Written by a one-time Rikers prisoner, it draws on extensive archival research, decades of journalism, interviews, prisoner testimonials, and firsthand experience to deliver an urgent intervention into our national discussion about the future of mass incarceration and the call to abolish prisons.

## Incomparable Grace

JFK in the Presidency

Mark K. Updegrave

In this gripping new assessment of his time in the Oval Office, Mark Updegrave reveals how JFK's first months were marred by setbacks: the botched Bay of Pigs invasions, a disastrous summit with the Soviet premier, and a mismanaged approach to the Civil Rights movement. But the young president soon proved that behind the glamour was a leader of uncommon fortitude. *Incomparable Grace* reexamines the presidency of a flawed but gifted leader too often defined by his untimely death.

Dutton | Hardcover | 368 pages | 978-1-5247-4574-5 | \$29.00

## Bag Man

The Wild Crimes, Audacious Cover-Up, and Spectacular Downfall of a Brazen Crook in the White House

Rachel Maddow and Michael Yarvitz

Vice President Spiro T. Agnew had carried out a bribery and extortion ring in office for years, when—at the height of Watergate—three young federal prosecutors discovered his crimes and launched a mission to take him down before Nixon's impending downfall elevated Agnew to the presidency. *Bag Man* recounts the story of Spiro Agnew's scandal and its lasting influence on our politics, our media, and our understanding of what it takes to confront a criminal in the White House.

Crown | Hardcover | 304 pages | 978-0-593-13668-3 | \$28.00

## A Promised Land

Barack Obama

In the first volume of his presidential memoirs, Barack Obama describes in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. *A Promised Land* is the story of one man's bet with history, the faith of a community organizer tested on the world stage.

## Four Hundred Souls

A Community History of African America, 1619–2019

Edited by Ibram X. Kendi and Keisha N. Blain

*Four Hundred Souls* is a unique one-volume “community” history of African Americans. The editors, Ibram X. Kendi and Keisha N. Blain, have assembled 90 brilliant writers, each of whom takes on a five-year period of that 400-year span. The writers explore their periods through a variety of techniques: historical essays, short stories, personal vignettes, and fiery polemics. They approach history from various perspectives: through the eyes of towering historical icons or the untold stories of ordinary people; through places, laws, and objects.

While themes of resistance and struggle, of hope and reinvention, course through the book, this collection of diverse pieces from 90 different minds, reflecting 90 different perspectives, fundamentally deconstructs the idea that Africans in America are a monolith—instead it unlocks the startling range of experiences and ideas that have always existed within the community of Blackness. This is a history that illuminates our past and gives us new ways of thinking about our future, written by the most vital and essential voices of our present.

## The Black Church

This Is Our Story, This Is Our Song

Henry Louis Gates, Jr.

NOW IN PAPERBACK

This reckoning with the meaning of the Black Church in America takes us on a journey spanning more than five centuries, from the intersection of Christianity and the transatlantic slave trade to today’s political landscape. After Gates’s meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative.

“Absolutely brilliant... A necessary and moving work.”—Eddie S. Glaude, Jr., author of *Begin Again*

Penguin | Paperback | 304 pages | 978-1-9848-8035-2 | \$20.00

## The 1619 Project

A New Origin Story

Created by Nikole Hannah-Jones  
& *The New York Times Magazine*

*The New York Times Magazine*’s award-winning “1619 Project” issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together 18 essays that explore the legacy of slavery in present-day America with 36 poems and works of fiction that illuminate key moments of oppression, struggle, and resistance.

## All That She Carried

The Journey of Ashley's Sack,  
a Black Family Keepsake

Tiya Miles

In 1850s South Carolina, an enslaved woman named Rose faced a crisis, the imminent sale of her daughter Ashley. Thinking quickly, she packed a cotton bag with a few precious items as a token of love and to try to ensure Ashley's survival. Soon after, the nine-year-old girl was separated from her mother and sold.

Decades later, Ashley's granddaughter Ruth embroidered this family history on the bag in spare yet haunting language. Now, in this illuminating, deeply moving book inspired by Rose's gift to Ashley, historian Tiya Miles carefully unearths these women's faint presence in archival records to follow the paths of their lives—and the lives of so many women like them—to write a singular and revelatory history of the experience of slavery, and the uncertain freedom afterward, in the United States.

## Nigger

The Strange Career of a Troublesome Word—  
with a New Introduction by the Author

Randall Kennedy

Here is the twentieth anniversary edition of one of the most controversial books ever published on race and language. In addition to a brave inquiry into the impact of the infamous word, this edition features a new introduction that addresses major developments in its evolution during the last two decades of its vexed history.

"Should be required reading. . . . This little book deserves to be read especially if we seek better understanding of ourselves and others."  
—*The Dallas Morning News*

Pantheon | Hardcover | 256 pages | 978-0-593-31652-8 | \$25.00

## Against Civility

The Hidden Racism in Our Obsession with Civility

Alex Zamalin

Spanning 200 years, Zamalin's accessible blend of intellectual history, political biography, and contemporary political criticism shows that civility has never been neutral in its political uses and impacts. The best way to tackle racial inequality is through "civic radicalism," an alternative to civility found in the actions of Black radical leaders including Frederick Douglass, Harriet Tubman, Ida B. Wells, Martin Luther King Jr., James Baldwin, Malcolm X, and Audre Lorde.

Beacon Press | Paperback | 184 pages | 978-0-8070-5553-3 | \$16.95

## Incidents in the Life of a Slave Girl

Harriet Jacobs

Introduction by Tiya Miles

In clear and unshrinking prose, Harriet Jacobs relates the story of her girlhood and adolescence as a slave in North Carolina and her eventual escape: a bildungsroman set in the complex terrain of a chauvinist, white supremacist society. Equal parts brave and searing, *Incidents in the Life of a Slave Girl* is a triumph of American literature. Featuring a new introduction by historian and National Book Award-winning author Tiya Miles.

Modern Library | Paperback | 304 pages | 978-0-593-23036-7 | \$15.00

## The Ground Breaking

The Tulsa Race Massacre and an American City's Search for Justice

Scott Ellsworth

NOW IN PAPERBACK

*The Ground Breaking* not only tells the story of the notorious 1921 Tulsa Race Massacre, the history of how the massacre was covered up and the individuals who fought to keep the story alive, but also of the ongoing fight to win restitution for the survivors and their families.

"This book should be essential reading for anyone interested in an honest grappling with our racial past and with the task of moving forward."  
—Kenneth W. Mack, Professor of Law, Harvard University

Dutton | Paperback | 336 pages | 978-0-593-18299-4 | \$18.00

## The South

Jim Crow and Its Afterlives

Adolph L. Reed Jr.

In *The South*, Adolph L. Reed Jr. unravels the personal and political dimensions of the Jim Crow order, revealing the sources and objectives of this unstable regime, its contradictions and precarity, and the social order that would replace it.

"This riveting book is essential reading for anyone seeking to understand how the forces that shaped our complex racial past persist in shaping, and obscuring, our racial present."—Henry Louis Gates, Jr., Author of *The Black Church*

Verso | Hardcover | 160 pages | 978-1-83976-626-8 | \$24.95

## The Black Panther Party

A Graphic Novel History

David F. Walker

Illustrated by Marcus Kwame Anderson

Founded in Oakland, California, in 1966, the Black Panther Party for Self-Defense was a radical political organization that stood in defiant contrast to the mainstream civil rights movement. Using dramatic comic book-style retellings and profiles of key figures, this illustrated history captures the major events, people, and actions of the party, as well as their cultural and political influence and enduring legacy.

Ten Speed Press | Paperback | 192 pages | 978-1-9848-5770-5 | \$19.99

## Civil Rights Queen

Constance Baker Motley  
and the Struggle for Equality

Tomiko Brown-Nagin

Here is the first major biography of Constance Baker Motley, one of our most influential but least known activist lawyers that provides an eye-opening account of the twin struggles for gender equality and civil rights in the 20th century.

"Now, at last, in *Civil Rights Queen*, the brilliant historian and legal scholar, Tomiko Brown-Nagin has given Constance Motley's life and heroic achievements the attention they deserve. It's difficult for me to imagine a biography we've needed more. *Civil Rights Queen* restores a truly brave, courageous, and brilliant lawyer and jurist to her proper place in American history."—Henry Louis Gates, Jr.

"*Civil Rights Queen* is a brilliant work, elegantly written and deeply researched. Brown-Nagin does complete justice to the life of Constance Baker Motley, one of the twentieth century's towering figures."—Annette Gordon-Reed

## Colorization

One Hundred Years of Black Films  
in a White World

Wil Haygood

Wil Haygood gives us an incisive, fascinating, little-known history of Black artists in the film business, on-screen and behind the scenes. This unprecedented history examines 100 years of Black cinema—from *Gone with the Wind* to Blaxploitation films to *Black Panther*—using the struggles and triumphs of the artists, and the films themselves, as a prism to explore Black culture, civil rights, and racism in America.

"At once a film book, a history book, and a civil rights book, Haygood's tome is a stunning achievement in every possible way: extensively researched, intricately detailed, beautifully written, and massively entertaining. *Colorization* is, without a doubt, not only the very best film book of 2021, but it is also one of the best books of the year in any genre. An absolutely essential read."—Scott Neumyer, *Shondaland*

## His Name Is George Floyd

One Man's Life and the Struggle for Racial Justice

Robert Samuels and Toluse Olorunnipa

This biography of George Floyd shows the athletic young boy raised in Houston's Third Ward who would become a father, a partner, a friend, and a man constantly in search of a better life. In retracing Floyd's story, *Washington Post* reporters Robert Samuels and Toluse Olorunnipa place his narrative within the larger context of America's deeply troubled history of institutional racism. *His Name Is George Floyd* examines the Floyd family's roots in slavery and sharecropping, the segregation of his Houston schools, the overpolicing of his communities, the devastating snares of the prison system, and his attempts to break free from drug dependence. Drawing upon hundreds of interviews and extensive reporting, Samuels and Olorunnipa offer a moving exploration of George Floyd's America.

"A much-needed portrait of the life, times, and martyrdom of George Floyd, a chronicle of the racial awakening sparked by his brutal and untimely death, and an essential work of history I hope everyone will read."—Henry Louis Gates, Jr., author of *The Black Church*

## Begin Again

James Baldwin's America and Its Urgent Lessons for Our Own  
Eddie S. Glaude Jr.

Mixing biography—drawn partially from newly uncovered interviews—with history, memoir, and trenchant analysis of our current moment, *Begin Again* is Princeton professor Eddie S. Glaude Jr.'s endeavor, following James Baldwin, to bear witness to the difficult truth of race in America today.

"This book is, undoubtedly, the best treatment we have of Baldwin's genius and relevance."—Cornel West

Crown | Paperback | 288 pages | 978-0-525-57533-7 | \$17.00

## His Truth Is Marching On

John Lewis and the Power of Hope

Jon Meacham; Afterword by John Lewis

John Lewis, who at age 25 marched in Selma, Alabama, and was beaten on the Edmund Pettus Bridge, was a visionary and a man of faith. Drawing on decades of wide-ranging interviews with Lewis, Jon Meacham, Pulitzer Prize-winning author of *The Soul of America*, writes an intimate and revealing portrait of this civil rights icon and longtime U.S. congressman, linking his life to the painful quest for justice in America from the 1950s to the present.

Random House | Paperback | 368 pages | 978-1-9848-5504-6 | \$18.99

### The Young Crusaders

The Untold Story of the Children and Teenagers Who Galvanized the Civil Rights Movement

V. P. Franklin

Some of the most iconic images of the Civil Rights Movement are those of young people engaged in social activism, such as children in 1963 being attacked by police in Birmingham with dogs and water hoses. But their contributions have not been well documented. *The Young Crusaders* is the first book dedicated to telling the story of the thousands of children who engaged in sit-ins, school strikes, boycotts, marches, and demonstrations in which Dr. Martin Luther King Jr. and other civil rights leaders played little or no part.

Beacon Press | Paperback | 328 pages | 978-0-8070-5543-4 | \$18.95

### A Worthy Piece of Work

The Untold Story of Madeline Morgan and the Fight for Black History in Schools

Michael Hines

*A Worthy Piece of Work* tells the story of Madeline Morgan, a teacher and an activist in WWII-era Chicago, who fought her own battle on the home front, authoring curricula that bolstered Black claims for recognition and equal citizenship. Scholar Michael Hines unveils this history for the first time, providing a rich understanding of the ways in which Black educators have created counternarratives to challenge the anti-Black racism found in school textbooks and curricula.

Beacon Press | Hardcover | 224 pages | 978-0-8070-0742-6 | \$24.95

### Red Paint

The Ancestral Autobiography of a Coast Salish Punk

Sasha LaPointe

Set against a backdrop of the breathtaking beauty of Coast Salish ancestral land and imbued with the universal spirit of punk, *Red Paint* is Sasha LaPointe's story of the ways we learn to find our true selves. Examining what it means to be vulnerable in love and in art, Sasha offers up a reckoning with personal traumas amplified by the collective historical traumas of colonialism and genocide that continue to haunt native peoples. *Red Paint* is an intersectional autobiography of lineage, resilience, and the ability to heal.

### Reclaiming Two-Spirits

Sexuality, Spiritual Renewal & Sovereignty in Native America

Gregory Smithers; Foreword by Raven E. Heavy Runner

Before 1492, hundreds of Indigenous communities across North America included people who identified as neither male nor female, but both. Drawing on written sources, archaeological evidence, art, and oral storytelling, *Reclaiming Two-Spirits* spans the centuries from Spanish invasion to the present, tracing massacres and inquisitions and revealing how the authors of colonialism's written archives used language to both denigrate and erase Two-Spirit people from history. But as Gregory Smithers shows, the colonizers failed—and Indigenous resistance is core to this story.

## The Great Stewardess Rebellion

How Women Launched a Workplace Revolution at 30,000 Feet  
Nell McShane Wulfhart

Here is the untold story of a group of stewardesses who revolutionized the workplace for all American women. Nell McShane Wulfhart crafts a rousing narrative of female empowerment, the paradigm-shifting '60s and '70s, the labor movement, and the cadre of gutsy women who fought for their rights—and won. It is thanks to their trailblazing efforts in part that working women have gotten closer to workplace equality today.

“Wulfhart’s lively labor history chronicles a recent past that can feel simultaneously a million miles away and all too contemporary.”—Rebecca Traister, author of *Good and Mad*

“This engaging narrative offers a fascinating look at how the intersection of the women’s and labor movements helped a little-discussed, female-dominated profession achieve viability and respect. An informatively readable combination of cultural and feminist history.”—*Kirkus*

“Engaging.... Insightful.... Compelling.... This is an eye-opening chapter in the history of feminism and women’s rights.”—*Booklist*

## Lady Bird Johnson: Hiding in Plain Sight

Julia Sweig

Perhaps the most underestimated First Lady of the 20th century, Lady Bird Johnson was also one of the most accomplished and often her husband’s secret weapon. Where no presidential biographer has understood the full impact of her work in the White House, Julia Sweig is the first to draw substantially on Lady Bird’s own voice in her White House diaries to reveal a woman ahead of her time—and an accomplished politician in her own right.

**Ages of American Capitalism**  
A History of the United States  
Jonathan Levy

Today, in the midst of a new economic crisis and severe political discord, the nature of capitalism in United States is at a crossroads. Since the market crash and Great Recession of 2008, historian Jonathan Levy has been teaching a course to help his students understand everything that had happened to reach that disaster and the current state of the economy, but in doing so he discovered something more fundamental about American history. Now, in an ambitious single-volume history of the United States, he reveals how, from the beginning of U.S. history to the present, capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself.

In *Ages of American Capitalism*, Jonathan Levy proves that, contrary to political dogma, capitalism in the United States has never been just one thing. Instead, it has morphed throughout the country's history—and it's likely changing again right now.

the Gilded Age to the Digital Age  
Amy Klobuchar

**NOW IN PAPERBACK**

This fascinating history of the antitrust movement shows us what led to the present moment and offers achievable solutions to prevent monopolies, promote business competition, and encourage innovation. “Methodical. . . . Klobuchar furnishes an overview of the evolution of U.S. anti-monopoly law and a call for rebalancing the relationship between capital and labor. She condemns corporate consolidation and wealth concentration, and views lax antitrust enforcement as antithetical to democracy.”—*The Guardian*

## Price Wars

How the Commodities Markets Made Our Chaotic World

Rupert Russell

Here is an exposé of how commodity traders in New York and London have destabilized societies all over the world, leaving the most vulnerable at the mercy of hunger and war.

Russell travels to Tunisia, Iraq, Venezuela, Ukraine, East Africa, and Central America and discovers that unrest in all these places was triggered by dramatic and mysterious swings in the price of essential commodities. Deregulation of the commodities markets means that food prices can shoot up even in years of abundant harvests, causing hunger and protest. Oil prices and real-estate values can surge even when supplies are normal, enriching and emboldening dictators. It is this instability—fueled by banks and hedge funds in faraway New York and London—that has toppled regimes and unsettled the West.

“*Price Wars* is a totally original and stimulating read, part war zone reportage, part economic history, and buzzing with ideas about the way markets work that will change your understanding of the world we live in.”  
—Liaquat Ahamed, author of *Lords of Finance*, winner of the Pulitzer Prize

## Midnight in Vehicle City

General Motors, Flint, and the Strike That Created the Middle Class

Edward McClelland

In a time of great inequality, the story of “the strike heard around the world” is a testament to what workers can gain when they stand up for their rights. The Flint sit-down strike of 1936-1937 was the birth of the United Auto Workers, which set the standard for wages in every industry. *Midnight in Vehicle City* tells the gripping story of how workers defeated General Motors and ushered in the golden age of the American middle class to create a new kind of America.

## Where Futures Converge

Kendall Square and the Making of a Global Innovation Hub

Robert Buder

Buder, who himself has worked in Kendall Square for the past twenty years, tells fascinating stories of great innovators and their innovations that stretch back two centuries. Before biotech and artificial intelligence, there was railroad car innovation, the first long-distance telephone call, the Polaroid camera, and much more. Buder considers Kendall Square's limitations—it's "gentrification gone rogue," by one description, with little affordable housing, no pharmacy, and a scarce middle class—and its strengths: the "human collisions" that spur innovation.

## The Greek Histories

The Sweeping History of Ancient Greece as Told by Its First Chroniclers: Herodotus, Thucydides, Xenophon, and Plutarch

Edited by Mary Lefkowitz and James Romm

The historians of ancient Greece were pioneers of a new literary craft; their work stands among the world's most enduring and important legacies and forms the foundation of a major modern discipline. This highly readable edition includes new and newly revised translations of selections from Herodotus—often called the “father of history”—Thucydides, Xenophon, and Plutarch, the four greatest Greek innovators of historical narrative. Here the reader will find their most important, and most widely taught, passages collected in a single volume. The excerpts chart the landmark events of ancient Greece and provide a comprehensive account of the entire classical Greek age.

Complete with introductions to the works of each historian, footnotes providing context and explaining obscurities, maps, and an appendix on the Greek conduct of war, this volume is an invaluable resource for students and historians alike.

## Dangerous Ideas

A Brief History of Censorship in the West, from the Ancients to Fake News

Eric Berkowitz

Through compelling narrative, historian Eric Berkowitz reveals how drastically censorship has shaped our modern society. More than just a history of censorship, *Dangerous Ideas* illuminates the power of restricting speech; how it has defined states, ideas, and culture; and (despite how each of us would like to believe otherwise) how it is something we all participate in.

## The Quiet Before

On the Unexpected Origins of Radical Ideas

Gal Beckerman

Gal Beckerman, an editor at *The New York Times Book Review*, takes us from the 17th century to the present, examining the engines of social change. In each case, Beckerman shows that our most defining social movements—from decolonization to feminism—were formed in quiet, closed networks that allowed a small group to incubate their ideas before broadcasting them widely.

## The Great Experiment

Why Diverse Democracies Fall Apart and How They Can Endure

Yascha Mounk

Drawing on history, social psychology, and comparative politics, Yascha Mounk examines how diverse societies have long suffered from the ills of domination, fragmentation, or structured anarchy. To make diverse democracies endure, and even thrive, *The Great Experiment* argues that we need to create a world in which our ascriptive identities come to matter less—not because we ignore the injustices that still characterize the United States and so many other countries around the world, but because we have succeeded in addressing them.

## Worn

A People's History of Clothing

Sofi Thanhauser

Sofi Thanhauser brilliantly tells five stories—Linen, Cotton, Silk, Synthetics, Wool—about the clothes we wear and where they come from, illuminating the world in unexpected ways. She tells the social history of clothing from the opulent court of Louis XIV to the labor camps in modern-day Chinese-occupied Xinjiang and shows how micro-communities, textile companies, and clothing makers in every corner of the world are rediscovering ancestral and ethical methods for making what we wear. Drawn from years of intensive research and reporting from around the world, and brimming with fascinating stories, *Worn* reveals the deep history of clothing.

“This expansive history documents the transformation of clothing manufacture from a handmade practice, rich with personal significance, to a mass-production industry . . . elegantly chronicling how textile production came to be defined by worker exploitation, misogyny, environmental devastation, and colonialism.”—*The New Yorker*

## Metaphysical Animals

How Four Women Brought Philosophy Back to Life

Clare Mac Cumhaill and Rachael Wiseman

In the mid-twentieth century Elizabeth Anscombe, Mary Midgley, Philippa Foot, and Iris Murdoch were philosophy students at Oxford when most male undergraduates and many tutors were conscripted away to fight in the Second World War. Together, these young women, all friends, developed a philosophy that could respond to the war's darkest revelations. Clare Mac Cumhaill and Rachael Wiseman show how from the disorder and despair of the war, four brilliant women created a new way of ethical thinking.

## How Civil Wars Start And How to Stop Them

Barbara F. Walter

Barbara F. Walter has spent her career studying civil conflict in places like Iraq and Sri Lanka, but now she has become increasingly worried about her own country. Perhaps surprisingly, both autocracies and healthy democracies are largely immune from civil war; it's the countries in the middle ground that are most vulnerable. And this is where more and more countries, including the United States, are finding themselves today.

Over the last two decades, the number of active civil wars around the world has almost doubled. Walter reveals the warning signs—where wars tend to start, who initiates them, what triggers them—and why some countries tip over into conflict while others remain stable. Drawing on the latest international research and lessons from over 20 countries, Walter redefines civil war for a new age, providing the framework we need to confront the danger we now face—and the knowledge to stop it before it's too late.

## Why We Fight

The Roots of War and the Paths to Peace

Christopher Blattman

*Why We Fight* draws on decades of economics, political science, psychology, and real-world interventions to lay out the root causes and remedies for war, showing that violence is not the norm; that there are only five reasons why conflict wins over compromise; and how peace-makers turn the tides through tinkering, not transformation. Realistic and optimistic, this is a book that lends new meaning to the adage "Give peace a chance."

## The Turning Point

1851—A Year That Changed Charles Dickens and the World

Robert Douglas-Fairhurst

Here is a major new biography that takes an illuminating approach to Charles Dickens, focusing on one year of his life.

"It's amazing how eruditely Robert Douglas-Fairhurst manages to illuminate our history through a microscopic focus on one brief period. *The Turning Point* transports us to 1851. The book's principal subjects are Charles Dickens as he embarks on *Bleak House*, and the Crystal Palace, first assembled in all its sparkling glory for that year's Great Exhibition."—Alan Johnson, *New Statesman*

## The Splendid and the Vile

A Saga of Churchill, Family, and Defiance During the Blitz

Erik Larson

On Winston Churchill's first day as prime minister, Adolf Hitler invaded Holland and Belgium. Poland and Czechoslovakia had already fallen, and the Dunkirk evacuation was just two weeks away. For the next 12 months, Hitler would wage a relentless bombing campaign, killing 45,000 Britons. It was up to Churchill to hold his country together and persuade President Franklin Roosevelt that Britain was a worthy ally—and willing to fight to the end.

In *The Splendid and the Vile*, Erik Larson shows, in cinematic detail, how Churchill taught the British people "the art of being fearless." Drawing on diaries, original archival documents, and once-secret intelligence reports—some released only recently—Larson provides a new lens on London's darkest year through the day-to-day experience of Churchill and his family.

## The Palace Papers

Inside the House of Windsor—the Truth and the Turmoil

Tina Brown

*The Palace Papers* reveals how the royal family reinvented itself after the traumatic years when Diana's blazing celebrity ripped through the House of Windsor like a comet. Tina Brown has been observing and chronicling the British monarchy for three decades, and her sweeping account is full of powerful revelations, newly reported details, and searing insight gleaned from remarkable access to royal insiders, which in sum will irrevocably change how the world perceives and understands the royal family.

## Legacy of Violence

A History of the British Empire

Caroline Elkins

Sprawling across a quarter of the world's land mass and claiming nearly seven hundred million people, Britain's twentieth-century empire was the largest empire in human history. Covering more than two hundred years of history, Caroline Elkins reveals an evolving doctrine that espoused an unrelenting deployment of violence to secure and preserve the nation's imperial interests, and how Britain destroyed incriminating evidence of its policies and practices.

"Caroline Elkins has written the history of the British Empire that we desperately need today. Drawing on recently disclosed documents, *Legacy of Violence* catalogs how, time after time, in place after place, British authorities brutally repressed dissent under the cover of laws justifying the use of force. Sweeping, forceful, and passionately argued, it is a definitive rejoinder to persistent myths of liberal benevolence. A monumental achievement."—Maya Jasanoff, author of *Liberty's Exiles: American Loyalists in the Revolutionary World*

## Blood and Ruins

The Last Imperial War, 1931-1945

Richard Overy

In *Blood and Ruins*, Richard Overy recasts the way in which we view the Second World War and its origins and aftermath. As one of Britain's most decorated and respected World War II historians, he argues that this was the "last imperial war," with almost a century-long lead-up of global imperial expansion, which reached its peak in the territorial ambitions of Italy, Germany and Japan in the 1930s and early 1940s, before descending into the largest and costliest war in human history.

## A Short History of Humanity

A New History of Old Europe

Johannes Krause and Thomas Trappe

Translated by Caroline Waight

In this surprising account, evolutionary anthropologist Johannes Krause and journalist Thomas Trappe rewrite a fascinating chapter of history, the peopling of Europe, that takes us from the Neanderthals and Denisovans to the present. Through archaeogenetics—archaeology augmented by DNA sequencing technology—which has allowed scientists to reconstruct human history reaching back hundreds of thousands of years before recorded time, this revelatory book offers us an entirely new way to understand ourselves, both past and present.

## The War of the Poor

Éric Vuillard

In the sixteenth century, the Protestant Reformation launched an attack on privilege and the Catholic Church, but it rapidly became an established, bourgeois authority itself. There ensued a furious struggle between the powerful—the comfortable Protestants—and the others, the wretched. They were led by a number of theologians, one of whom was Thomas Müntzer. *The War of the Poor* recounts his story—that of an insurrection through the Word.

## Aftermath

Life in the Fallout of the Third Reich,  
1945–1955

Harald Jähner

Here is a revelatory history of the transformational decade that followed World War II, when Germany raised itself out of the ashes of defeat, turned away from fascism, and reckoned with the corruption of its soul, and the horrors of the Holocaust.

*Aftermath* is the first history of Germany's national mentality in the immediate postwar years. Using major global political developments as a backdrop—and including black-and-white photographs and posters—Harald Jähner weaves a series of life stories into a nuanced panorama of a nation undergoing monumental change.

"Magisterial, fascinating, humane—a brilliant book of the greatest importance and achievement."—Philippe Sands, author of *East West Street* and *The Ratline*

"Harald Jähner claims to have discovered a hole in the heart of modern German history. This book triumphantly proves him right. It is absolutely extraordinary. Every page stops you dead with insight and revelation."—James Hawes, author of *The Shortest History of Germany*

## Adriatic

A Concert of Civilizations  
at the End of the Modern Age

Robert D. Kaplan

Often overlooked, the Adriatic is in fact at the center of the most significant challenges of our time, including the rise of populist politics, the refugee crisis, and battles over the control of energy resources. And it is once again becoming a global trading hub that will determine Europe's relationship with the rest of the world as China and Russia compete for dominance in its ports.

Robert D. Kaplan, geopolitical expert and bestselling author of *The Revenge of Geography*, explores how the region has changed over his three decades of observing it as a journalist, finding that to understand both the historical and contemporary Adriatic is to gain a window on the future of Europe as a whole. With a brilliant cross-pollination of history, literature, art, architecture, and current events, *Adriatic* demonstrates that this unique region that exists at the intersection of civilizations holds revelatory truths for the future of global affairs.

## The Child Is the Teacher

A Life of Maria Montessori

Cristina De Stefano

At age thirty, Maria Montessori was struck by the condition of children in the slums of Rome's San Lorenzo neighborhood, and realized what she wanted to do with her life: change the school, and therefore the world, through a new approach to the child's mind. A thorough, nuanced portrait of this often controversial woman, *The Child Is the Teacher* is the first biographical work on Maria Montessori to provide letters, diaries, notes, and texts written by Montessori herself, including an array of previously unpublished material.

## River of the Gods

Genius, Courage, and Betrayal  
in the Search for the Source of the Nile

Candice Millard

For millennia the location of the Nile River's headwaters was shrouded in mystery. In the 19th century, there was a frenzy of interest in ancient Egypt. At the same time, European powers sent off waves of explorations intended to map the unknown corners of the globe—and extend their colonial empires. In *River of the Gods* Candice Millard has written a peerless story of courage and adventure, set against the backdrop of the race to exploit Africa by the colonial powers.

## Gwangju Uprising

The Rebellion for Democracy in South Korea

Hwang Sok-Yong, Lee Jae-eui, and Jeon Yong-ho

On 18th May 1980, student activists gathered Gwangju to protest the coup d'état and martial law government of General Chun Doo-hwan. Over the next ten days hundreds of students, activists and citizens were arrested, tortured and murdered. The subject of conspiracy and controversy in South Korea, the texts of *Gwangju Uprising* survived in underground circulation and were recently republished. This fresh translation by Slin Jung of the original text, compiled from eye-witness testimonies, forms a gripping and full account of both the events of the uprising and the political situation which preceded and followed the violence of those days.

In a captivating journey from the dawn of human existence to the present, world-renowned economist and thinker Oded Galor offers an intriguing solution to two of humanity's great mysteries. Why are humans the only species to have escaped—only very recently—the subsistence trap, allowing us to enjoy a standard of living that vastly exceeds all others? And why have we progressed so unequally around the world, resulting in the great disparities between nations that exist today?

"Not only a succinct, unified theory of economic growth since modern humans evolved, but also an engaging and optimistic answer to anyone who thinks that poverty and inequality will always be with us"—Ian Morris, Stanford University professor
